It doesn't really matter what you think at this moment
in time
It doesn't really matter

It doesn't really matter what you think at this moment
in time
It doesn't really matter

But just remember to keep a realistic perspective
On the things that you do
Whatever it took for you to get to that position
Real ??? or an ascending blend
Are you sure you can hold it down
You can hold it down for real

It doesn't cost anything to be yourself
Wealth has no value when you're dealing with yourself
But these days it's hard to tell
Only you can truly know

What's real
What's real
What's real
What's real

It's hard enough without selling yourself shorter
Than those of minute existence
With our flexible friends, who really depend
On their own grant account, take heed

It doesn't cost anything to be yourself
Wealth has no value when you're dealing with yourself
But these days it's hard to tell
Only you can truly know

What's real
What's real
What's real
What's real

It doesn't cost anything to be yourself
Wealth has no value when you're dealing with yourself
But these days it's hard to tell
Only you can truly know

What's real
What's real
What's real
What's real

It doesn't really matter what you think at this moment
in time
It doesn't really matter

It doesn't really matter what you think at this moment
in time
It does

It does
