

We're going away  
Crazy adventures await, day after day  
I don't remember her name  
Oh what a shame it is, oh what a shame

Shake your ass girl, break it down and drop it low  
It's a photo-shoot with me and my camera phone  
I can keep it on the low if you want me to  
But secrets are no fun

Get up, we've got a 6 hour drive  
But drivings overrated, drivings overrated  
Take a hit of this and we'll fly  
Fly above the highest of highs  
No one can stop divine progression  
Let the haters hate as they'd like  
This is not an option, get out

Shake your ass girl, break it down and drop it low  
It's a photo-shoot with me and my camera phone  
I can keep it on the low if you want me to  
But secrets are no fun

Shut the fuck up  
This is not the time or place to start this war  
Start this war!
