

Hyperbolic Vibe Chamber

Audio Push

Smoke good, drink good
Smoke good, drink good

Enjoy me while I'm here it's only gon' be one of me
At twenty-five never though that the club wouldn't be fun to me
My brother told me be the man you want your son to be
I changed my life the day I seen it flash in front of me
Paper full of OG put down so keep your edibles
I can never lose cause my best is all I ever do
Since I used to be begging moms from my own room
And leaving home with the homies and ditchin' home room
Searching for souls hoes and mischiefs with all the misfits
I think Chris Brown, Pain had Kiss Kiss on the charts
When I used to kiss my ex ex on the lips lips
Till she let me trip trip, fall and crush my own heart
I ran across too much fake I gotta stick with the real
Took Good Vibe Tribe independent I had to switch up the deal
Now everybody wanna pick up the bill
Pick up their phones, kick it and chill
Mood ring the switch up is real
But I be lyin' to say that I ain't want the Grammy score
But the true award is me just helpin' the family more
I need my own pop player don't try to hand me yours
I be negotiating my coins since the candy store
Let me get some corn nuts, nachos, some Lemon Heads
Hoes in my bed, no control in my head
That mean no mind game
No arguing, no migraine no Instagram post
Just post, smoke and let the times change

Smoke good, drink good
Smoke good, drink good
Smoke good, drink good
Smoke good, drink good

This is the tempo that my heart beats to
You're experiencing what never happened again
This is the tempo that my heart beats to
You're experiencing what never happened again

You can be anything on this planet I hope it's you
I hear the words "I love you" constantly I hope it's true
Cause it comes with technicalities in this day and age
You made one mistake and they forget everything else you made
I hope you hear this and know I'm talking right to your soul
And that I pray you get that happiness you feel I stole
I just want you in that Mustang I say I'd buy
Hi tell our bygones bye and just vibe

Smoke good, drink good
Smoke good, drink good
Smoke good, drink good
Smoke good, drink good
Smoke good, drink good
Smoke good, drink good
Smoke good, drink good
Smoke good, drink good
Smoke good, drink good
