

Slidin Solo

Audio Push

Never gotta repeat with you
You don't judge me, I be myself with you, oh
Slidin' solo, ain't been with no-one else
Can't catch this vibe with no-one else but you, oh

Never gotta repeat with you
You don't judge me, I be myself with you, oh
Slidin' solo, ain't been with no-one else
Can't catch this vibe with no-one else but you, oh

Fight, fuck, love
This ain't what I thought it'd be
Trust, stay, run (don't run)
Hope you see the God in me
They lied when they said that love was easy
Lied when you said you didn't need me
Blocked me from your mobiles and your socials
All I had was God, my son, and ProTools
Rolling purp tryna find my purpose
Curbing hoes like a plastic surgeon
On Instagram searching through my searches
I just want one of you, and that's for certain
I just wanna move past the being dumb
So called we done
To the breakfast toast, whole grain seed bun
Fresh Prince re-runs
We was on the road
Yeah they say that we young
So we going way harder than ever
Our spirits and hearts are together forever

Never gotta repeat with you
You don't judge me, I be myself with you, oh
Slidin' solo, ain't been with no-one else
Can't catch this vibe with no-one else but you, oh

Never gotta repeat with you
You don't judge me, I be myself with you, oh
Slidin' solo, ain't been with no-one else
Can't catch this vibe with no-one else but you, oh

(Can't catch this vibe with no-one else...)
I like your vibe
And I'm in love with your body
You don't need anybody else
You say I make you feel alive
And we don't need anybody else, babe

This is way more than physical
I mean way before we even got physical
Eye-contact was difficult
Our self-control around each other is pitiful
You promised we wouldn't mess around
And I ended up giving rounds
And you tell me I put it down
You just happy daddy back in town
Hot damn

One ring
That's how long the phone ring
And what I'ma give you
But one thing
Keep you on my mind
That's the fact that you know what's up
Closes homies got shaky (damn)
You staying silent, you know it's us
Real niggas ain't breaking
I don't trust people with two faces
This always real, no faking
We don't give them people no statements
You don't change up for no paper
Turn our phones off, no internet
All that blog-talk, we ain't into that
And you always here when it's crunch time
I said one time

Never gotta repeat with you
You don't judge me, I be myself with you, oh
Slidin' solo, ain't been with no-one else
Can't catch this vibe with no-one else but you, oh

Never gotta repeat with you
You don't judge me, I be myself with you, oh
Slidin' solo, ain't been with no-one else
Can't catch this vibe with no-one else but you, oh

Hello, what you doing babe?

Nothing

Yeah I'm still on my way, I just, I had to stop and get gas and shit. I've been running into some more of the homies though. I think this shit ugly! Really?!

Yeah from what they saying

Are you good? How... what's going on?

I don't, I don't wanna say too much on the phone, but this shit could be on one, I ain't gonna lie to you. I'm just... just tryna keep my head right

You know you gotta keep your head straight, you already know

Yeah you right!

Good vibes over here, that's all we do, so don't let it mess you up, and eh.
.. you know, no bad days
