I Can't Breathe

Audiovent

You want to feel me Can't defeat me at your game You buy and sell me Separate me from my name

And I want you
To once invert the wrong
Cause I can't breathe
And I want you
To once admit I'm right

You come with something
But it's nothing that I need
You violate me
Have to break me to breathe

And I want you
To once invert the wrong
Cause I can't breathe
And I want you
To once admit I'm right

You point your finger I'll play that game With you, with you I just can't beleive Things we say

And I want you
To once invert the wrong
Cause I can't breathe
And I want you
To once admit I'm right
