

Straight Into Your Grave

Audrey Horne

Tellin' lies as I look in thier faces
I've got it all but I could always use some more

And all these promises, that have been broken
I know it hurt you, but you must have seen the truth
Tell me the truth

So you've been lookin' for answers, baby
I never told you a thing
Still you keep searchin' like a dog on fire
Straight into your grave

You try to run though you know that I'm faster
I tell you truthfully you'll never get away
Never, never get away

So you've been lookin' for answers, baby
I never told you a thing
Still you keep searchin' like a dog on fire
Straight into your grave

So you've been lookin' for answers, baby
I never told you a thing
Still you keep searchin' like a dog on fire
Straight into your grave

So you've been lookin' for answers, baby
I never told you a thing
Still you keep searchin' like a dog on fire
Straight into your grave
