

# Song For Sophie

Aura Dione

This is a song for a girl called Sophie  
Used to write her name on my arm  
Time has made us strangers  
And I don't know he anymore

But I really hope she's made it  
That someone took her home  
She was lost but wasn't missing  
She will always walk alone

She was always like a feather in the air  
I never know if she was flying or falling  
She was always like a feather in my life  
I hope she flies  
(I hope she flies)  
(I hope she flies)  
(I hope she flies)

Because of her looks thinks that last  
I have a chain, where's your arm?  
A promise can't be broken  
I won't hurt you anymore, no no no

But I really hope she's made it  
That someone took her home  
She was lost but wasn't missing  
She will always walk alone

She was always like a feather in the air  
I never know if she was flying or falling  
She was always like a feather in my life  
I hope she flies  
Sha la la la...  
(I hope she flies)  
I hope she flies  
(I hope she flies)  
(I hope she flies)

Sha la la la...  
I hope she flies  
She was always like a feather in the air  
I never know if she was flying or falling  
She was always like a feather in my life  
I hope she flies  
I hope she flies  
I hope she flies  
I hope she flies  
I hope she flies  
Sha la la la,...
