

# Stay The Same

Aura Dione

I remember as a young girl  
I thought I should conquer the world  
Guess I'm crazy, yeah, I'm wild  
Together we can dance till the end of time

Move your  
Bim, Bam, Body  
Badim badam body  
Bim, Bam, Bodydam  
Music comes from a broken heart  
I wish I could have the as a start  
You're lovely and I am fine  
Together we could dance...

I'll never Stay The Same  
I'll never Stay The Same

Don't be scared to walk on the line  
I didn't come to waste my time  
You're crazy and I am wild  
Together we can dance till the end of time

Move your  
Bim, Bam, Body  
Badim badam body  
Bim, Bam, Bodydam  
I'll never Stay The Same  
I'll never Stay The Same

Bim, Bam, Body  
Badim badam body  
Bim, Bam, Bodydam  
We all just laughing  
And it is just for fun  
You are still just my number one  
We are all just laughing at the window sun?  
Ring dum dudiedam

I'll never stay the same  
I'll never stay the same  
I'll never stay the same  
I'll never stay the same  
Do not to know your name
