

# Hell's Fire

Aura Noir

Sense destructive deathcore  
Float amongst the dying  
Strive to create spaces  
Deteriorating realm

If only I'd been blessed  
If only I'd accepted Christ  
Well fuck, I enjoy starving  
And I don't cry... I get to rape again

They crawl from severe flesh wounds  
Yearning to see rain  
I stand up cause I chose this  
And I don't mind the pain

If only I'd been blessed  
If only I'd accepted Christ  
Well fuck, I enjoy starving  
And I don't cry... I get to rape again

If I had known this "paradise"  
I'd kill myself 10 fucking years before  
The glorious flames, the tortured souls  
The need to see the fires... of Hell

Hell's fire burn!!!
