Vietnam Is Back

Aus-Rotten

```
They're fighting another war at our cost
They're fighting another war at our cost
Bodies fill the bloody streets
Bodies fill the bloody streets
They want another war... Vietnam is back
Barricades and tear gas to keep us all in line
Barricades and tear gas to keep us all in line
They make themselves seem innocent
They make themselves seem innocent
They want another war...Vietnam is back
Stand up against the mass
Stand up against the mass
Don't support them anymore
Don't support any fucking war
They want another war...Vietnam is back
```
