

# Break a Sweat

## Autograph

Break a sweat  
Make some heat  
Bust a move  
On your feet  
Make some noise  
Sing a song  
Kick it up  
All-night long

Got to turn in up all the way  
Cop a groove and let the music play  
Ain't nothin' stoppin' you  
All that you need to do...

Break a sweat!  
Come on and set your body free

Break a sweat!  
Come on and shake your fine machine

Break a sweat!  
Come on and take it to the extreme

Break a sweat  
Got to rock  
Till you're wet  
Till you drop  
Do your thing  
Feel the beat  
Get the vibe  
It's so sweet

Got to take it to the very top  
Turn it up and let your body talk  
Let go and get down to it  
It feels so good to do it...

Break a sweat!  
Come on and set your body free

Break a sweat!  
Come on and shake your fine machine

Break a sweat!  
Come on and take it to the extreme

Break a sweat!  
Come on and set your body free

Break a sweat!  
Come on and shake your fine machine

Break a sweat!  
Come on and take it to the extreme

Alright

Break a sweat!  
Come on and set your body free

Break a sweat!  
Come on and shake your fine machine

Break a sweat!  
Come on and take it to the extreme

Oh yeah

Come on and set your body free

Come on and shake your fine machine

Come on and take it to the extreme

Come on, yeah

Shake it
