

# Can't Stop Rockin'

Autograph

I've heard the word they say  
That rock is dead and gone  
And it's no longer cool to scream and carry on

Well that don't slow me down  
You'll never blow me down...

I can't stop rockin'  
I can't stop rollin'  
There's just no stoppin'  
And no controllin'  
Can't Stop The Rock  
Can't Stop The Rock!

Well there's a million things  
That ain't no good for you  
But they're the only things I ever wanna do  
I might go down in flames  
But I ain't gonna change...

I can't stop rockin'  
I can't stop rollin'  
There's just no stoppin'  
And no controllin'  
Can't Stop The Rock  
Can't Stop The Rock!

I feel like someone lit a flame inside me  
I'm ready to explode  
I've tried to change it or at least disguise it  
But Lord it's all I know...

I can't stop rockin'  
I can't stop rollin'  
There's just no stoppin'  
And no controllin'  
I can't stop rockin'  
I can't stop rollin'  
There's just no stoppin'  
And no controllin'  
Can't Stop The Rock  
No, you can't
