

Fed up with Bein' Down

Autograph

Don't 'cha look at me
In the haggard state I'm in
What 'cha took from me
I'll never get it back again

But there's a time to fall and there's a time to fight
The time for standin' tall is finally in my sight...

Fed up with bein' down
Can't live on the ground
'Cause I can't stand the view
Fed up with bein' down
Don't bother cornin' round
'Cause I'm so over you

It's a memory
That's somehow been erased
Ancient history
That's somehow been replaced

And when the arrow flies it goes into the heart
But even scars can heal and make a brand-new start...

Fed up with bein' down
Can't live on the ground
'Cause I can't stand the view
Fed up with bein' down
Don't bother cornin' round
'Cause I'm so over you

And what you do
Comes back to you
It all goes back around

But there's a time to fall and there's a time to fight
The time for standin' tall is finally in my sight...

Fed up with bein' down
Can't live on the ground
'Cause I can't stand the view
Fed up with bein' down
Don't bother cornin' round
'Cause I'm so over you
I'm so over you, so over you
I'm over you
