

Meet Me Halfway

Autograph

I don't care what you say about me
You have an attitude but you're gonna see
I've got something to say I'm perfectly fine
You may not know but you're already mine

I'm blown away with the way you behave
I'm taken aback with the games that you play
You had to dig in and turn on the switch to tease my machine
But you missed the cue and I got under your skin

Hey, Hey meet me half way
Can't you see it is your lucky day
Hey, Hey meet me half way
Sell me your soul and I'll show you the way
Hey meet me half way

I hate the way you exaggerate
But I really like the things you try to compensate
I love the fact you say you'll meet me half way
But when I turn around you take over the place

I'm blown away with the way that you guess
I really like how you're never impressed
You better believe there's nothing naive when you look at me
But I'm the one you come to when you are in need

Hey, Hey meet me half way
Can't you see it is your lucky day
Hey, Hey meet me half way
Sell me your soul and I'll show you the way
Hey, Hey meet me half way
Can't you see it is your lucky day
Hey, Hey meet me half way
Sell me your soul and I'll show you the way
Hey-ey meet me half way

I don't care what you say about me
You have an attitude but you're gonna see
I got something to say I'm perfectly fine
You may not know but you're already mine

Hey, Hey meet me half way
Can't you see it is your lucky day
Hey, Hey meet me half way
Sell me your soul and I'll show you the way
Hey, Hey meet me half way
Can't you see it is your lucky day
Hey, Hey meet me half way
Sell me your soul and I'll show you the way

Meet me half way

And I'll show you the way

Hey, Hey meet me half way
Can't you see it is your lucky day
Hey, Hey meet me half way

Can't you see it is your lucky day
Hey, Hey meet me half way
Can't you see it is your lucky day
Hey, Hey meet me half way
Can't you see it is your lucky day
Hey, Hey meet me half way
Can't you see...
