

## Capital Kind of Strain

Autolux

They don't know so don't trust them  
Keep your eyes on the sidewalk  
We could come round for a few  
Fake you out is all they'll do  
Keep your head all tied up  
In the sky above you

It's a capital kind of  
It's a capital kind of  
It's a capital kind of strain

They don't know how to waste time  
Keep your eyes on the landmark  
They'll be here soon to forget you  
Fake you out is all they'll do  
Keep your head all tied up  
In the sky above you

It's a capital kind of  
It's a capital kind of  
It's a capital kind of strain
