

Subzero Fun

Autolux

Your my preferred route
Down
Caucus in my lap
Frown
Forget what you lack
They still want you back

If you recognize me
Please just pass on by
Now its every day
There all in your way
Except for this one

You've got a ?rubber? soul
You've got ?their other? side
Before its gets to bitter cold
Just get yourself together
For some subzero fun

Your my best eraser
Days cant go must faster
You wont cross yourself
When your someone else
So watch your head now
Watch your head

You've got a ?rubber? soul
You've got ?their other? side
Before its gets to bitter cold
Just get yourself together
For some subzero

Got a ?rubber? soul
You've got ?the other? side
"?????????????"
Ice caps melt for you babe
In this subzero fun
