

# My Goodbye

## Automatic Loveletter

You've got me where you want me  
Falling on the ground  
I hold you in the highest place,  
So I'm getting out

'Cause you've got me so strung out  
When you leave and come around  
Yeah  
How am I supposed to breath  
The more I live its killing me  
And now I'll be glad to see  
Every time you leave

This is the last time  
This is the last fight  
Sunsets to sunrise  
This is my goodbye  
From morning till midnight  
With or without you  
This is my goodbye.

You were trouble since the day we met  
I can see that now  
I take back everything I said  
Everything 'till now

'Cause you've got me so strung out  
When you leave and come around  
Yeah  
How am I supposed to breath  
The more I live is killing me  
And now I'll be glad to see  
Every time you leave

This is the last time  
This is the last fight  
Sunset to sunrise  
This is my goodbye  
From morning 'till midnight  
With or without you  
This is my goodbye.

I'm writing you out,  
I'm crossing my T's  
And I want back the necklace that you said you did keep  
You miscomprehend  
I've sworn you to dead  
And my words are as strong as my last gasp for breath.

This is the last time  
This is the last fight  
Sunset to sunrise  
This is my goodbye  
From morning 'till midnight  
With or without you  
This is my goodbye.

Goodbye [repeated until end]
