

Turned Around

Automatic Loveletter

Do you see what i see
No one has fallen quite as hard as we are
And when your dead
This break wrist
When your swelling up your chest
To take it all like the rest
What you find
Is simply the best

Cuz i am, i am, turned around
And i am, i am, happy now
Ya i am, i am, i am

Nobody here is running from
Slow dancing
With the one they love
And oh you kiss me
Oh so hard
I am, i am turned around
I am, i am happy now

Kiss the air between us
Swallow your sunken heart
Is the thing in the back of your throat
Which is causing you to choke
Curtis through me please
Come back, come back
Come back, come back to me

Cuz i am, i am turned around
And i am, i am happy now
Ya i am, i am, i am

Nobody here is running from
Slow dancing
With the one they love
So kiss me hard
And bruise my mouth
I am, i am turned around
I am, i am happy now

Singin im done
If this is love
And this time i swear
Oh no if this is love
Then this time i swear
Singin oh no this must be love
So this time i swear
It will hurt the most

I am, i am, i am, i am
Nobody here is running from
Slow dancing
With the one they love
So turn a hard kiss around
Cuz i am, i am turned around
I am, i am happy now
