

## A Crow On My Shoulder

Autumnblaze

You said 'hello'  
Your amorous voice - sounding dew  
Floating upstairs with a kiss in mind  
You found me distant  
I was a ghost - invisible boy  
You said 'it is so cold'  
And you were right all the time  
We slept in a shivering bed  
To break at last  
I was a ghost - invisible boy  
[Chorus:]  
There's a crow on my shoulder  
And a void in my head  
There's a crow on my shoulder  
I can't love while I'm dead
