

# In Loneliness Of Two Souls

Autumnia

Beyond the sky  
So much away  
There where you're not...  
I stay alone... I stay alone  
I stay alone... alone  
I stay alone... alone

Beyond the sky  
So much away  
In loneliness  
Of two souls

Farewell!!!  
I could make nothing  
I (too for a long time) looked in your eyes  
I (too for a long time) couldn't understand that they're dead... dead  
Farewell!!!  
I... too for a long time... looked in your eyes  
They any more don't see me... but cry about me

You pray for our souls  
By tears of the candles obsequial  
We are so lonely in the death  
We are so lonely among the misfortunes

Someone's grief was knocked at my window  
By broken wings... by your hand  
So it's disturbing and it's persevering  
I have let... it appeared mine

On horizon your shadow  
But the sun blinds my eyes  
There can be I confuse?  
There can be I becomes blind?

The first dawn alone with loneliness  
Pursues me languor  
There's no echo at heart beat  
There's no reflection in my eyes

...there can be I confuse?  
...there can be I becomes blind?  
...there's no echo at heart beat...  
...there's no reflection in my eyes...

I stay alone

Beyond the sky  
So much away  
In loneliness  
Of two souls...
