

Born to the Night

Ava Max

I've been waiting until midnight
Slowly dying since the sunrise
'Cause I, I was born, I was born to the night
In the night, in the night, I survive
All the poison, the pleasure, the highs
I was born, I was born to

Be so insane, I tell my heart to sleep all day
'Cause I don't wanna deal with anything, I need a break
Dusk 'til dawn, in the city where the wild things are
When the wolves are out, no doubt they're crying out my name

Screamin' woo-oo-ooh
I'm in a mood
My leather boots
Are coming out, coming out

I've been waiting until midnight
Slowly dying since the sunrise
'Cause I, I was born, I was born to the night
In the night, in the night, I survive
All the poison, the pleasure, the highs
I was born, I was born to

Just face my fears, makin' friends with all my demons here
Now all my insecurities, they leave the atmosphere

Screamin' woo-oo-ooh
I'm in a mood
My leather boots
Are coming out, coming out

I've been waiting until midnight
Slowly dying since the sunrise
'Cause I, I was born, I was born to the night
In the night, in the night, I survive
All the poison, the pleasure, the highs
I was born, I was born to the night

The night is my mother, the sky is my brother
And I'm the daughter of star crossed lovers
The night is my mother, the sky is my brother
And I'm the daughter of star crossed lovers

'Cause I ('Cause I), I was born, I was born to the night
In the night, in the night, I survive
All the poison, the pleasure, the highs
I was born, I was born to the night
