

Don't Fall Asleep

Avalanche City

I didn't wanna sleep
'Cause I noticed you're up
So I stared into your eyes again

This railroad is going
Where I know that it's going
Then tonight is all we have left

So...
Don't fall asleep, my dear, 'til it goes
So...
Don't fall asleep, my dear, my doll

Ooh...

I didn't wanna speak
'Cause your name was on my lips
And every time I breathe it tastes of you

If your heart is where my home is
My home's going there
To be far away; I can't do this

So...
Don't fall asleep, my dear, 'til it goes
So...
Don't fall asleep, my dear, my doll

Ooh...
