

Downtown

Avenue D

We can do it we can do it tonight
Got your feet planted, but you're moving alright
Downtown drums playin' loud despite
All the fucked up shit that we heard tonight
Scream and shout out loud tonight
You got feet on the ground but your head is upright
Scrub the ground downtown tonight
We goin' downtown make your body feel alright

We can do it we can do it tonight,
I can take it we can make it
I can make you feel right
Just let me slip, slip into something tight
And we can boom boom boom like dynamite

I can do it I can do it tonight
I can show you where to go to make you feel right
Címon baby be impolite,
'cuz you know it makes me crazy when you take a bite

whatcha doin' whatcha doin' tonight?
-I don't know, whatchu doin' tonight?
I'm going to a party, to party downtown, shake my ass faster than west coast clowns
-It's a slap back, it's a rap attack, the foam be where the party is at
It's gonna be wet
-Well then it's gonna be wild
You better be careful, we don't need another child
-I'll be there in 10 w/some bbq eel, I'll pick your ass up in da pump stamobile
Pick me up, take me down, I want to go out, and I want to get around
-I said, cool baby, and doo doo brown what goes up, must come down
I'm down. Are you down?
