

Jaws

Aviators

I'm not just a creature
More than a simple feature
I'll stand in waiting until you can't see me
I'm all fun and games here
There's no need for your fear
I'll be here waiting until you grow weary

I'm not the crazed killer
You think I am
I'm just here ready to see vengeance through
Hatred, bloodlust
They're all irrelevant to
The moment when my jaws close down on you

You
It's you
It's you
It's me

You've done such a bad thing
So while you're still breathing
I'd like to make you wait in darkness
I've been given life now
So I'm taking you out
You were my problem and I'm going to solve this

I'm not the crazed killer
You think I am
I'm just here ready to see vengeance through
Hatred, bloodlust
They're all irrelevant to
The moment when my jaws close down on you

You
It's you
It's you
It's me

Never forgive
Never forget
Don't close your eyes
It's not over yet
We used to play
We used to laugh
And now we're trapped
Like a photograph
I've come so far
From the child inside
Remember my face
And jaws behind

I'm not the crazed killer
You think I am
I'm just here ready to see vengeance through
Hatred, bloodlust
They're all irrelevant to
The moment when my jaws close down on you

You
It's you
It's you
It's me

You
It's you
It's you
It's me
