

The Great Distance

Avion Roe

I, I want to
Know, I want to
Feel (feel the world that you create am I)
Hold (holding onto the ones I hate when I)
Try, I try to
Go, to help you
Burn (burn the best, the worst to come am I)
Hold (Holding on to the ones I love like you)

In the daylight
Will you stay for the night
Are you there (Time is always leaving)
And are you there (Love is just a feeling)
When I leave will you want me?

Why, why are we
Cold? Why are we
Here (here to see the world go by and)
Told (told to live and love our lives
I know, the years fly
By, I've seen you
Burn (burn the best, the worst to come am I)
Hold (Holding on to the ones I love like you)

In the daylight
Will you stay for the night
Are you there (Time is always leaving)
And are you there (Love is just a feeling)
When I leave will you want me?
