AWOLNATION

Ah ah!

Man

Ah ah!

Off in my head, lost off in my head

Off in my head, lost off in my head

Off in my head, lost off in my head

Off in my head, lost off in my head

Lost are my arms, lost lost are my legs

Lost is my heart, but my new soul stays

We're singing off in my head

My lost off in my head

Off in my head, lost

Do we really know the way the wind blows? (wind blows)

All we really safe around our shadows? (shadows)

Do we really know the way the wind blows? (wind blows)

All we really safe around our shadows? (through shadows)

Through our windows

Okay

Off in the red, dance, dance with the dead

Off in the red, dance, dance with the dead

Off in the red, dance, dance with the dead

Off in the red, dance, dance with the dead

Lost are my arms, lost lost are my legs

Lost is my heart, but my new soul stays

We're singing off in my head

My lost off in my head

Off in my head, lost

Do we really know the way the wind blows? (wind blows)

All we really safe around our shadows? (shadows)

Do we really know the way the wind blows? (wind blows)

All we really safe around our shadows? (through our shadows)

Through our windows

Yeah

Oh, aw man, I can't believe this is happening (ah ah!)

Oh, aw man, I can't believe this is happening (ah ah!)

Oh, aw man, I can't believe this is happening (ah ah!)

Oh, aw man, I can't believe th-

Do we really know the way the

Do we really know the way the wind blows? (wind blows)

All we really safe around our shadows? (shadows)

Do we really know the way the wind blows? (wind blows)

All we really safe around our shadows? (through our shadows)

Through our windows

Oh, oh, oh, oh, oh

But I'm aware, and I don't care

And I'm aware, yeah
And I'm aware, and I don't care
And I'm aware, yeah, yeah
