Axehammer

Seize the night Charging thru the light With fire in your eyes Pushing on You know it won't be long When you realize oh yeahh!! Stories told About the times of old Of warriors brave and true Hold the sword, never let it go That fights for me and you And long before they realize Death is on it's way Fire away, fire away Stand up and fire away Read the scrowls As history unfolds About the bloody past And the cost Of kingdom's burned and lost And victory at last Angel's flying to the battle Field strike out, strike out, fire Away time to deal with what is Real strike out, strike out, fire away [Solo/Pre-Chorus/Chorus/Verse 1/Pre-Chorus (X2) Chorus (X2]
