

Don't Want To Know

Don't Want To Know

I don't want to know about evil

Only want to know about love

I don't want to know about evil

Only want to know about love

Sometimes it gets hard to listen

Hard for me to use my eyes

Cause all around the gold is glistening

Making sure it keeps me down to size

I don't want to know about evil

Only want to know about love

I'm waiting for the planes to tumble

Waiting for the towns to fall

I'm waiting for the cities to crumble

Waiting 'till I see you crawl

Yes it's hard to listen

Hard for us to use our eyes

Cause all around the gold is glistening

Making sure it keeps us hypnotized

I don't want to know about evil

Only want to know about love

I don't want to know about evil

Only want to know about love
