

# Eyes Of A Child

Axxis

my eyes open wide -  
my dreams in the night  
so crazy so wild -  
When I was a child  
No greed and no hate -  
I followed my fate  
Could see angels fly -  
Could laugh and I could cry  
Childlike - you can see the world through different  
eyes  
The eyes of a child -  
so pure deep inside  
lived truth or dare -  
could lay my heart bare  
All I have believed -  
all thoughts I have dreamed  
are gone and replaced -  
by an empty space  
And now - I know that I wanna turn back the time  
Chorus: Through the eyes of a child -  
I look back on my life  
You can see me tonight -  
innocent and wild  
Through the eyes of a child  
and I remember the days of my life  
I'm feeling alive  
What's left from the past -  
are dreams that will last  
No chance to come true -  
I still dream of you  
For all I've achieved -  
I'm feeling deceived  
the life crossed my plans -  
the circle never ends  
Childlike - you can see the world through different  
eyes  
Chorus: Through the eyes of a child -  
I look back on my life  
You can see me tonight -  
innocent and wild  
Through the eyes of a child  
and I remember the days of my life  
I'm feeling alive  
And now - I know that I wanna turn back the time  
Chorus: Through the eyes of a child -  
I look back on my life  
You can see me tonight -  
innocent and wild  
Through the eyes of a child  
Oh,  
get a view of the world through the eyes...  
Eyes of a child
