

Hold You to It

Aynsley Lister

I been on the road for so long
Out here on my own
I don't know how much more I can take
Just got off talking to you
On my telephone
You said hold out just a few more days
I just need all your loving tonight
But I know that it's coming my way
I'm gonna hold you 'til the morning light
Oh baby, oh just you wait

I'm gonna hold you to it
Hold you to it
All the things that you said to me, yeah
I'm gonna hold you to it
Hold you to it
You ain't getting off easily
Oh oh oh oh oh
I know that I can count on you
Oh oh oh oh oh
For the things, only you can do, yeah

I been holding it together, counting down the hours
But now I'm standing here at your door
You're in that special number
The one that blows my mind
You know just what to do, that's for sure
I'm gonna give you all my loving tonight
But I know, I won't be wasting no time
I'm gonna hold you 'til the morning light
Yeah baby, oh just you wait

I'm gonna hold you to it
Hold you to it
All the things that you said to me, yeah
I'm gonna hold you to it
Hold you to it
You ain't getting off easily
Oh oh oh oh oh
I know that I can count on you
Oh oh oh oh oh
For the things, only you can do, yeah

I'm gonna give you all my loving tonight
But I know, I won't be wasting no time
I'm gonna hold you 'til the morning light
Yeah baby, oh just you wait, yeah

Oh yeah, yeah
I'm gonna hold you to it
Hold you to it
All the things that you said to me
I'm gonna hold you to it
Hold you to it
You ain't getting off easily
Oh oh oh oh oh

I know that I can count on you
Oh oh oh oh oh
For the things, only you can do, yeah
Baby!
