

# Right as Rain

Aynsley Lister

Right as rain  
Right as rain  
Baby our love  
You know our love  
Is right as rain

You can't run  
You can't hide  
From the way that you feel  
Baby, deep down inside  
You need me  
Like I need you  
Nobody else, no no  
Could ever do

Right as rain  
Right as rain  
Baby our love, you know our love  
Is right as rain

Oh sometimes when the rain  
Comes fallin' down  
You know it's gonna wipe out  
The whole damn town  
But the one thing, baby  
Everybody knows  
You gotta have a little rain, yeah yeah  
To help the flowers grow

Right as rain  
Right as rain  
Baby our love, you know our love  
Is right as rain

The stronger the love  
The stronger the pain  
Oh baby our love, you know our love  
Is right as rain

Just like a storm, baby  
Out on the sea  
So it is, baby  
With you and me  
You know the sun, baby  
Is gonna shine again  
Baby our love, you know our love  
Is right as rain

Right as rain  
Right as rain  
Baby our love, you know our love  
Is right as rain

The stronger the love  
Oh the stronger the pain  
Baby our love, you know our love  
Is right as rain

Well you know our love, baby our love  
Is right as rain
