

Stay

Aynsley Lister

Need you more than ever
But I don't think you need me
When we're together
Don't you know that you're my remedy

I need some comfort, some peace of mind
Can't you see I'm broken in two
Is a little bit of love so hard to find?
Can't you see I need you?

So come on stay with me, stay with me,
Don't leave me here on my own
So come on stay with me, stay with me
I don't think that I can make it alone

Can't you see, what it is that we got
Thought you could see it so well
So right for me but, you're so not
You got me under your spell

Well if it has to be the end for us
Well if you've made up your mind
Let's just pretend that it's as good as it was
Just stay with me tonight

So come on stay with me, stay with me
Don't leave me here on my own
So come on stay with me, stay with me
I don't think that I can make it alone
