

# The Garden of Emotions

Ayreon

Behold: the Star Towers of the Electric Castle! See how it embraces the sky!  
How insignificant  
the mere mortal, dwarfed by the majesty of its electric edifice! But first, my  
seven searchers -  
you must meander through the verdant vines of the Garden of Emotions. Succumb  
to its allure.  
Breathe deep the intoxicating aroma of endless, entwined emotions...

it's kinda groovy  
in this world of fantasy  
where no one else can go  
within these boundaries  
I'm shielded from reality  
without a care or woe

Amon-ra, have you come to seal my fate?  
in the garden of emotions  
free my ka, how much longer must I wait?  
in the garden of emotions

I roam the universe  
in cosmic meditation  
to find my inner me  
I'm getting high on love  
and spiritual vibrations  
to set bad karma free

Amon-ra, have you come to seal my fate?  
in the garden of emotions  
free my ka, how much longer must I wait?  
in the garden of emotions

take up arms and follow  
hey, who are you to take the lead?  
I will keep you all from harm  
so what kind of god do you think you are?  
a warrior is what I am  
no I'm the wolf and you are but a lamb  
if you doubt my force you'll live no more  
you will end your war upon my sword

"and voices in the sky  
shall cause the soul to die"

we'll break away by my command  
no we'll crush our foe and quell this land  
you cannot kill what's already dead  
whoever rivals me will lose his head  
you'll endanger all our precious lives  
well I don't care, I will survive  
I'm the only one who can set us free  
go and chase your ghosts and leave me be

"and voices in the sky  
shall cause the soul to die"

fury and fear

it must be feeding on our negative emotions

chivalrous and bold  
pitiless and cold

destiny's near

we're at the mercy of some vile computerscheme

valiant and true  
treacherous and cruel

spirits appear

we'll have to try to hide our antagonistic notions

chivalrous and bold  
pitiless and cold

the legend is here

if we ever want to end this future dream

valiant and true  
treacherous and cruel

fury and fear

we have to free our minds from anger and aggression

chivalrous and bold  
pitiless and cold

destiny's near

it's the only way to defy this cold machine

valiant and true  
treacherous and cruel

spirits appear

if we're to stand up to to this emotional oppression

chivalrous and bold  
pitiless and cold

the legend is here

we had better stand together as a team

valiant and true  
treacherous and cruel

Amon-ra, have you come to seal my fate?  
in the garden of emotions
