

# Friends and Enemies

Ayria

It's okay to hate your enemies  
It's either them or me  
Just wanna break their things  
Is it okay?  
I'll take down the enemy  
But it's okay  
It's either them or me  
What do you say  
We break their things?  
Is it okay?

What do you say  
Is it wrong or right?  
What do you say  
We get into a fight?  
What do you say  
Are you with me?  
Friend or enemy?  
What do you say  
Is it wrong or right?  
What do you say  
We get into a fight?  
What do you say  
Are you with me?

I'll take down the enemy  
But it's okay  
It's either them or me  
What do you say  
We break their things?  
Is it okay?  
Someday I'll kill the enemy  
But it's okay  
It's either them or me  
What do you say  
We break their things?  
Is it okay?  
Is it okay?

Why do they say  
"Be careful what you wish for"  
When they come  
From a land of more?  
Who are they to speak?  
Fuck them anyway

I'll take  
(Down the enemy)  
But it's okay  
(Either them or me)  
What do you say?  
(Break their things)  
Is it okay?  
Someday  
(Kill the enemy)  
But it's okay  
(Either them or me)

What do you say?  
(Break their things)  
Is it okay?

It's either them or me  
Friend or enemy  
It's either them or me  
Friend or enemy  
It's either them or me  
Are you a friend or enemy?  
It's either them or me  
Are you a friend or enemy?  
It's either them or me  
Are you a friend or enemy?  
It's either them or me  
Are you a friend?

I'll take down the enemy  
But it's okay  
It's either them or me  
What do you say  
We break their things?  
Is it okay?  
Someday I'll kill the enemy  
But it's okay  
It's either them or me  
What do you say  
We break their things?  
Is it okay?  
Is it okay?  
I'll take down the enemy  
But it's okay  
It's either them or me  
What do you say  
We break their things?  
Is it okay?  
Someday I'll kill the enemy  
But it's okay  
It's either them or me  
What do you say  
We break their things?  
Is it okay?  
Is it okay?
