

## Go Getta

AZ

Probably catch me in the club with some bad bitches  
I remember nights when I didn't have bitches  
I remember days when I didn't have riches  
I'm in the club now, champagne spilling  
I'm in the club now, I'm a big spender  
Ice on my neck and diamonds on my suspenders  
I'm no beginner, my ex girl, she keep calling me, tripping  
But I keep tryna tell her that I'mma stay pimping  
I bought a cream Bentley, black Lamborghini  
Three or four houses, 15 Henneys

I'm a boss, pretty lady, you wanna roll with them dollar signs, baby  
Go getta, I'm a go getta, I'm a go getta  
I'm a go getta, I'm a go getta, go getta  
Go getta, yeah

I'm a go getta, I'm a go getta  
I'm a go getta, I'm a go getta  
I'm a go getta, go getta, go getta, go getta, yeah

I'm in my condo downtown with a girl that a flew in from out of town  
Drop the top, now we cruising around town  
1 o'clock, we hit the club and go shut it down  
See, I don't mean to make you feel like you're a rebound  
But girl I fly you in and fly you out right back of town  
You flying out while another girl is flying in  
At 9 o'clock the pimping begins again

Why wouldn't it? Chickless never, sickest ever  
Fuck the climate where you sit, I could switch the weather  
I'm your highness with a dick, get your shit together  
Little miss, no foolishness, fix your sweater  
Got some parties to attend, Maseratis for your friends  
We hopping in the Rolls, let your pretty toes show
