

Annihilation

Azarath

Evoking these powers of prime evil
Gathered in cremation ground
Black flowers fall through the unholy fire
Like mourning tears of another he - Goat

I'm paralyzed as victim's last breath
Fades under my curse and dwells
The force of Durga - Transmitted!
The power of Kali - I command!
Strenght of Tamas - Transformed...
... on the borderline of black entity's realm

Trigger the energy , open the eye of Shiva
Perturb the infinity, reject the promises of heavens
Ravish the mystery, exterminate dead laws to dive in possibilit
ies cold

To quest, to perplex, to harvest!

I raise the shadowlike arm, as Kali leads the blade
Clutching skullhead, blood marks the left hand path
Reaching blissful dimension, sinking into cosmic space
Oracles were a message, I'm to dissolve them in all nothingness

The force of Durga - Transmitted!
The power of Kali - I command!
Strenght of Tamas - Transformed...
... on the borderline of black entity's realm
Energy creates! Infinity vibrates!
Mystery shines on like a lightning upon this funeral pyre.
