

Street Action

Bachman-Turner Overdrive

Long legs Sally's got a million moves
She broke their hearts, what could they do?
Other guys bought you, some even drool
She winks, they spend, she's cool

Shot gun Charlie brought the long term snooze
We kicked him out, it wasn't booze
Back down the alley where they play the blues
??? ??? ??? we loose
Allways get the urge to go, meet the guys
And see the show, when the sun goes down

Seems we never get let down
Nothing slow about this old town
Everybody knows

Street action - born in the night
Street action - robs in the light
Street action - born in the night
Street action - ready to fight

Stand on the corner we'll take you
It's alright

??? ??? Sally got the tree time right, right out
??? ???Hey what a sight
Family liconln ??? ????
Family tractions tonight
Allways get the urge to go, meet the guys
And see the show, when the sun goes down

Seems we never get let down
Nothing slow about this old town
Everybody knows

Street action - born in the night
Street action - robs in the light
Street action - born in the night
Street action - ready to fight

Street action - born in the night
Street action - robs in the light
Street action - born in the night
Street action - ready to fight

Stand on the corner it's alright
