## Backstreet Boys

July

It's only been a month since I met you  
I gotta say that was my favorite June  
And I knew, from that night  
That I would be alright

If I

I only knew that one day I would find  
Someone like you, I'd take back all those nights I wasted  
Looking for the right one at the wrong door

We fit together, you make me better  
Whatever it takes, I'm here forever  
Bad things will happen, but none of that matters  
We'll find a way, as long as I'm with you, I'm ok

Baby, I'm all in it  
Just tell me you were on in it  
People wanna talk, shut 'em all off  
And tell 'em all to mind their business  
Will for the grumps and cynics  
Been that way from the beginning  
People see what they don't have  
They get sad and act out 'cause they're winning

Ooh, I love the way you wanna love me too  
Ooh, eh, eh

We fit together, you make me better  
Whatever it takes, I'm here forever  
Bad things will happen, but none of that matters  
We'll find a way, as long as I'm with you, I'm ok

Nothing else matters  
As long as I'm with you, I'm ok  
Nothing else matters  
As long as I'm with you, I'm ok  
Nothing else matters  
And baby, I know, we'll find a way  
Eh, eh, as long as I'm with you, I'm ok

Ooh, I love the way you wanna love me too  
Ooh  
Ooh, I love the way you wanna love me too  
Ooh, eh, eh

We fit together, you make me better  
Whatever it takes, I'm here forever  
Bad things will happen, but none of that matters  
We'll find a way, as long as I'm with you, I'm ok

Nothing else matters  
As long as I'm with you, I'm ok  
Nothing else matters  
As long as I'm with you, I'm ok  
Nothing else matters  
And baby, I know, we'll find a way

Eh, eh, as long as I'm with you, I'm ok
