

## Star War

## Backyard Babies

Everybody's here  
With a face in the crowd  
No more lookin' back  
Strung out junkies  
Computerized monkeys  
Waitin' for the place to get packed

I don't need no doctor  
No one's got the cure for me  
Cause i'm a heartbreaker  
And a soulshaker  
Since 1973

Star war  
So watcha waitin' for?

I'm runnin' down the stairs  
So i wont get stabbed  
But that's alright with me  
Me me me  
Meanwhile them supernatural freaks  
Fingerprints my fee

So put food on the table  
Some money if you're able  
No one's got the cure for me  
Cause i'm a heartbreaker and a soulshaker  
Since 1973

Food on the table  
Some money if you're able  
Meanwhile back in jack n' coke stable

Cause it's a star war  
Star war  
So watcha waintin' for?  
Go go go!
