

Hold on to My Heart

Bad Company

Whenever you need me, I would be there
Lookin' over your shoulder, you know that I care

But still you walked away
And I could never seem to find the words, the words to make you
stay, so baby

Hold on to my, hold on to my heart - when it feels like it's fa
ding
Hold on to my, hold on to my heart - you know I'll be waiting
All this crazyness, it keeps us apart

So hold on to my heart

Whatever you told me, I would believe
And over and over, I had my heart on my sleeve

And I gotta let you know
That no matter where you are tonight, I could never let you go,
so baby

Hold on to my, hold on to my heart - when it feels like it's fa
ding
Hold on to my, hold on to my heart - you know I'll be waiting
All this crazyness, it keeps us apart

Never a day goes by without your memory
Oh yeah, I can still picture us, baby, you and me

Hold on to my, hold on to my heart - when it feels like it's fa
ding
Hold on to my, hold on to my heart - you know I'll be waiting
All this crazyness, it keeps us apart
