

Away We Go

Bad Suns

I need some kind of reaction
I need a little compassion
Passion too
Maybe a night of romance
Can I dance with you?

I need some kind of connection
I need divine intervention
Mystic truth
I see it on the horizon
A sign breaks through
Yeah, that's right, I'm talking to you

Away we go
We don't have forever
Away we go
Tomorrow might be better
Let's get on the road

I want a piece of the action
I need another distraction
A new tattoo
Maybe a night of romance
Can I dance with you?

I need some love and affection
I've got no sense of direction or what to do
I hear a song on the radio that breaks through
Yeah, that's right, I'm talking to you

Away we go
We don't have forever
Away we go
Tomorrow might be better
Let's get on the road, yeah
Let's get on the road

Away we go
We don't have forever
Away we go
Tomorrow might be better
Let's get on the road, yeah
Let's get on the road, yeah, yeah
Ch-ch-ch-check it out

Away we go
Away we go
