

# Daft Pretty Boys

Bad Suns

She's a sunrise dressed like dusk  
Going out, she's getting into something  
He's a moth drawn to a flame  
He's going in, he's going all or nothing

They look so pretty from afar

Like the gates of heaven are open now  
And my one true love has just waltzed right out  
Yeah, there's one thing about me that you should know  
That I can't help from speaking my mind

There's a dangerous kind of cool about you  
But she didn't, no, she didn't know nothing  
Now she swims right past his eyes  
Where she didn't, no, she didn't find nothing

You look so pretty from afar

Like the gates of heaven are open now  
And my one true love has just waltzed right out  
Yeah, there's one thing about me that you should know  
That I can't help from speaking my mind

Girl, you waste your time on daft pretty boys  
With all the time in the world for chasing pretty girls  
Yeah, you waste your time on daft pretty boys  
I've got no time to waste on another pretty face, oh

I've got no time to waste on another pretty face

There's one thing about me that you should know  
That I can't help from speaking my mind  
I don't like you  
You look so pretty from afar  
I despise you  
Why are you so f\*cking perfect on the outside?

She's a sunrise dressed like dusk  
Going out, she's getting into something  
He's going all or nothing  
I'm saying

Girl, you waste your time on daft pretty boys  
With all the time in the world for chasing pretty girls  
Yeah, you waste your time on daft pretty boys  
I've got no time to waste on another pretty face  
Girl, you waste your time on daft pretty boys  
With all the time in the world for chasing pretty girls  
Yeah, you waste your time on daft pretty boys  
I've got no time to waste on another pretty face, oh  
I've got no time to waste on another pretty face, oh  
I've got no time to waste on another pretty face, oh
