

# Defeated

Bad Suns

Oh, can you hear me?  
Do the words I scream mean anything?  
But no, I can't hear a thing  
Well, maybe it's best I give up

I don't wanna be all alone and defeated  
It pains me to speak these words, but I mean it

Lashing out regrettably  
I mean no harm, what have I become?  
I know I'm wrong, but when you tell me  
Things get worse and I wanna change

I don't wanna be all alone and defeated  
Who can I be besides me? 'Cause I hate it  
I don't wanna be left alone, uncompleted, no  
I don't wanna be all alone and defeated, no

Oh, can you hear me?  
Do the words I scream mean anything?  
But no, I can't hear a thing  
Well, maybe it's best I give up

I don't wanna be all alone and defeated  
Who can I be besides me? 'Cause I hate it  
I don't wanna be left alone, uncompleted, no  
I don't wanna be all alone and defeated

I don't wanna be all alone and defeated  
Who can I be besides me? 'Cause I hate it  
And it's not your fault, and I know I've been conceited  
But I don't wanna be all alone and defeated
