

Better Off This Way

Bad Wolves

I'm better off this way
The damage is done
Apologies came too late
I'm better off this way
It's better to be safe

'Cause if we're gonna separate our lives
Do you think that we'll be fine?
And if we're going to separate our worlds
I don't think I will survive
I can't erase, I can't escape
'Cause baby we don't work no more
And I don't wanna hurt no more

I'm better off this way
I'll keep my complaints
Accepting what just took place
Make no mistakes
I can't kill the pain

I'm better off this way
Make no mistakes
A spade is a spade

'Cause if we're gonna separate our lives
Do you think that we'll be fine?
And if we're going to separate our worlds
I don't think I will survive
I can't erase, I can't escape
'Cause baby we don't work no more
And I don't wanna hurt no more

I'm better off this way
Make no mistakes
I can't kill the pain

'Cause if we're gonna separate our lives
Do you think that we'll be fine?
And if we're going to separate our worlds
I don't think I will survive
I can't erase, I can't escape
'Cause baby we don't work no more
And I don't wanna hurt no more
And I don't wanna hurt no more
