

# Heaven So Heartless

Bad Wolves

A place in the darkness  
I'm feelin' so heartless  
Everything seems upside down  
Is there a way out?  
I pray for a way out

Is there a way out?  
We pray for a way out  
We're stuck in the darkness  
A heaven so heartless  
We pray for a way out of this hell

(Is there a way out?)

School bell rings at 3  
All my friends with me  
Street lights just came on  
Mission comes undone

Is there a way out?  
We pray for a way out  
We're stuck in the darkness  
A heaven so heartless  
We pray for a way out of this hell

Synopsis of fear  
Becoming more clear  
Scream without a sound  
In the upside down

Is there a way out?  
We pray for a way out  
We're stuck in the darkness  
A heaven so heartless  
We pray for a way out of this hell
