

No Messiah

Bad Wolves

Baptized
The mire ain't a miracle
Capsized
A secret's inconceivable
Shots fired
You did it again
Sold your soul just to get this bread

Broke down
You speaking the unspeakable
Blacked out
It went to your head
Coked out for a little advance
I'm no mess

I'm no Messiah
One more mile marching through the fire
Killing time
I'm no Messiah
One more mile put this life on trial
Killing pride
Like a homicide

Downsized
The story's always typical
Rolled dice
A means to an end
Snake eyes
No surprise it's fuckin pitiful
What goes on?
What's in your head

Burnt out
The fire isn't breathable
Tricked out
Delusional fans
No doubt that your egos unbelievable
You're no mess

You're no Messiah
One more mile
Marching through the fire
Killing time
You're no Messiah
One more mile
Put this life on trial
Killing pride
Like a homicide

Baby when your love goes black
You needing a reality check
Baby when your love goes black
Baby when your love goes...

Baby when your love goes black
Baby when your love goes black
Baby when your love goes black

You need some reality

You're no Messiah
One more mile marching through the fire
Killing time
You're no Messiah
One more mile put this life on trial
Killing pride
Like a homicide

(Black)
Baby when your love goes black

Baby when your love goes black
(Black)
Baby when your love goes black
(Goes black)
You need some reality
Reality check
