Badfinger

Drunken days drunken nights  
Someone please turn out the light  
I can't face the mirror anymore  
Move along magics gone, someone else can sing my song,  
I can't lift my head up of the floor

N-n-n-n-n-no no no no more  
N-n-n-n-n-no no no no more  
N-n-n-n-n-no no no no no no no no no more

Empty days sleepless nights  
Have I lost the will to fight  
Someone help me back onto the road  
Sinking fast time has past I can't make the story last  
Every little note is coming hard

N-n-n-n-n-no no no no more  
N-n-n-n-n-no no no no more  
N-n-n-n-n-no no no no no no no no no more

There's no use in trying  
When you only end up crying  
It's a fools game  
It's no longer funny when you're doing it for money  
It's a shame shame  
no no no more no more  
No more

N-n-n-n-n-no no no no more  
N-n-n-n-n-no no no no more  
N-n-n-n-n-no no no no no no no no no more
