

## The Dreamer

Badfinger

There was a young man  
Watched his life unfold each day  
He only wanted to play  
He only needed a ray

And then he found out  
One rainy afternoon, he'd lost  
All he'd earned and was tossed  
In the rivers he'd crossed

And there he came across the dreamer  
Who told him life was but a dream  
And all that you can see is all that you can be

There was a young love destined to get old someday  
Didn't happen that way  
They never learned how to say

We've got a long, long time between us  
We've got a long, long way to go  
But I believe if we let it, our love will grow

And there he came across the dreamer  
Who told him life was but a dream  
And all that you can see is all that you can be

We've got a long, long time between us  
We've got a long, long way to go  
We've got a long, long time between us  
We've got a long, long way to go  
We've got a long, long time between us  
We've got a long, long, long way to go

Long way to go  
(Long, long time between us)  
And I believe if we let it, our love will grow  
Our love will grow  
Our love will grow
