

Something

Bag of Toys

There must be something in the water that's making me feel so good
There must be something in the sky above, the moon the sun some love
There must be something in the way, the way i see the world
There must be something out there man, cuz i'm really feeling good

Ref: But it's got to be something...but man i can't figure it out
it's got to be something...but it's blowing my mind out

There must be something in the sand the falls between my toes
There must be something in those waves out there, but man who really knows?
There must be something in the sun that's beating down upon my face
There must be something out there, something somewhere, it's got to be this place!

Ref:

I'm just dreaming bout kicking back scheming out
Living for the moment like the wind i wish i owned it
Gotta a feeling like i'm flying high / Reaching out to touch the sky/ Go! / Go!
I'm just dreaming bout kicking back scheming out
Living for the moment like the wind i wish i owned it
Gotta a feeling like i'm flying high / Reaching out to touch the sky/ Go! / Go!
Yes I'll Go, Yes I'll Go, Yes I'll Go,

There must be something in the architecture making up this day
There must be some kind of cosmic forces to make today today
There must be something in the blood that's coursing through my veins
There must be something out there man, for my life i can't explain

Ref:

I'm just dreaming
