

Frequency

Bananarama

Come a little bit closer
Won't you whisper in my ear
Say the words I long to hear

Cause there's no question what's forbidden from my eyes
Oh it only magnifies

[Chorus]
Tune into my frequency
Can you feel it, let me
Show you what I mean

You got me going ah I specialise ah I specialise

Gotta feel your body, yeah [x3]

Well there's something about you
When you love me like this
How very beautiful it is

[Chorus]

You got me going [x4]

[Chorus]
